### **RELEASE**

#### **Greater Barikewa Field Survey Completed**

Cue is pleased to announce that the Greater Barikewa Field Survey over the Barikewa gas field in PRL-09 in Papua New Guinea has been completed.

The survey consists of seven geological traverses totaling 40Km. The geological information obtained from the survey is designed to provide a better structural picture of the field and hence a narrower range of potential recoverable gas volumes.

Barikewa has been assessed, to date, to have the potential to contain around 800 billion cubic feet of recoverable gas, with Cue's share being approximately 120 billion cubic feet in a most likely case.

Barikewa is located immediately adjacent to the likely route of the proposed gas development pipeline.

Participants in PRL-09 are;

Santos Limited (Operator)	42.553%
OilSearch (PNG) Limited	42.553%
Cue PNG Oil Company Pty Ltd	14.894%

Any queries regarding the announcement should be directed to the Company on (03) 9670 8668 or email [mail@cuenrg.com.au](mailto:mail@cuenrg.com.au).

A handwritten signature in blue ink, appearing to read "R. J. Coppin".

Robert J Coppin
